

**HEATHEN NATION**

*To make you Heathen Again*

**Yule 2008**

**Saturday December 20th**

# Heathen Nation Yule Blessing

The Heathen Nation is asking Heathens across the world to join with us in a Yule Blessing on Saturday December 20th 2008, with the intention of making this world a place for our religion, culture, folk, and descendants. When making your blot be consciously aware of the network of Heathens across the world coming together at this time, lift a horn to your fellow Heathens and speak to the Gods of a time when every town will have Heathen churches, where the term Heathen is understood in its proper context, where our symbols are easily recognized for what they truly stand for. We understand all will blot differently, and this is fine, we just ask that you consciously unite yourself in spirit with other Heathens worldwide in an attitude of growing the Heathen community across the world and making our religion more visible to the public.

**Heathen Nation has banners and flyers to promote the Yule Blessing, please make contact with us to learn more about this campaign and help us make the Heathen Nation Yule Blessing an international event!!!**
